More than you expect!

- This cash register gives you all the information you need to control your restaurant or small business.
- With 40 000 line items it can cope with most business requirements and the barcode scanner makes it quick and easy to process customer purchases.
- The powerful reports put you in control of your cash and profit margins and the built in rechargeable battery allows you to keep working for hours after the power has failed.
- This cash register has proved itself to be an excellent management tool in the following environments:
 - Restaurants (open and close tables giving you total control, kitchen printer to expedite orders)
 - Delis
 - Gift shops
 - Farm stalls (do you want to sell by weight or by item – its easy)
 - Golf Clubs (in the bar and at Halfway House and the Pro Shop)
 - Bars
 - Butcheries
 - Cafes
 - Convenience stores
 - Garage Shops
 - Biltong shops (attach a scale and weighing is easy)
 - Fruit and Vegetable Shops (sell by weight or by each)
- No Computer Experts Required – the CR65 is so simple you can do it all yourself.
- Ask any of our 200 plus satisfied users all over South Africa and neighbouring states.
- The basic cash register comes with all these features and functionality for less than the cost of a new PC.
